

Operation Swing State

Grassroots Leaders: we invite you to participate with clubs and volunteers nationwide in a major grassroots phone-calling campaign called **Operation Swing State!**

Call now for Mitt Romney!

Your choice: either make Romney phone calls for a few months or have Obama for 4 more years.

WE NEED TO BE WORKING NOW all through the summer and fall because the presidential election is going to be very close, especially in the swing states, which will determine who is our next president. (The Romney online phone bank is only calling swing-state voters.) So save our country and be a part of history!

Here's What You Can Do Now!

Organize a fun 2-hour Romney Calling Party your club can host each week!

- 1. Do it at a home or office with a wireless network.** (Members can also call on their own from home with either a wireless or hard-wired connection but weekly calling parties are more fun and productive.)
- 2. Each volunteer only needs a phone** (cell or landline) and a **computer** (laptop, desktop, or iPad).
- 3. To make calls for Romney,** go to www.MittRomney.com and move your cursor on the **Get Involved Tab** at the top and then when the drop-down menu appears, click on **Call From Home**. (For more detailed instructions, click on the Operation Swing State tab at the top of www.OperationSwingState.org and then click the Mitt Romney tab.)
- 4. For tips on how to organize, promote, and host a weekly calling party,** just ask—we're here for you. We want to help your club get a weekly calling party up and running as soon as possible. Contact us (Don and Susan Silver) at Susan@OperationSwingState.org or 310.282.8440.

Want to take back the White House and take back America?

We think that's worth 2 hours a week per club from now through November 6. What do *you* think? Be a part of this vital nationwide effort & let us know when we can add *your* club to our growing list!

Operation Swing State A 2012 grassroots online phone-calling campaign to take back America

The mission of Operation Swing State is to mobilize volunteers to phone bank online for fiscally and constitutionally conservative candidates for U.S. Presidential, Senate, Congressional, and other key races to restore our economic and constitutional freedom and take back America in 2012! To access online phone banks and candidate info during this election year, periodically visit www.OperationSwingState.org
